TWENTY-FOUR TAKEN IN HEALTH RAIDS

Six Young White Women Among Those Arraigned Last Night

WOMEN CRY IN COURT

White Women Paroled In Custody of Salvation Army—Others Held for Investigation.

Twenty-four men and women, white and colored, among whom were six white women ranging in age from fourteen to nineteen years old, all of whom were taken in the raids conducted during the past seventy-two hours by the United States Public Health service authorities, the state health department and the city health department, with the co-operation of the police, were arraigned last night at a special session of the Police Court before Justice L. H. Thompson.

The trial of the accused parties was private, only newspaper men and those interested, being permitted to attend. The scene was a pathetic one, several of the young women, when the court announced its intention of sending them to some home, wept and one of the women fainted and had to be carried from the court room to an ante room where she received medical attention.

It was explained by the representative of the U. S. Public Service, Lieut. Charles R. Winfree that the purpose of that department is not to prosecute or persecute, but simply in the interest of the public health that the parties were taken up by the authorities.

The court in some instances announced its intention of sending the young white women to home conducted under the auspices of the state. This order, however, was rescinded, when Mrs. Hellwege, wife of Capt J. D. Hellwege, of the Salvation Army, asked that the young women be paroled in her custody. This being done these women were ordered to report to the clinic being conducted by the health authorities. Others were ordered sent to jail until they are examined at the clinic.

A white man and a white woman who were among those summoned announced their intention of getting married. This proved satisfactory to the court and their case was dropped.

The last case heard was that of a young white woman who was brought in by the police just after the others had been tried. It was testified that she was loitering around a jitney stand. She said she came to Alexandria from Seattle, Washington. She was detained for examination by the medical authorities.

In addition to the six white women, there were two white men, twelve colored women and four colored men.

Attorneys H. Noel Garner, Robinson Moncure and Charles Henry Smith appeared for some those arraigned.

Attorney Smith stated that he expected to appeal some of the cases.

In addition to Lieut. Winfree the city health department was represented at the hearing by Dr. Louis Foulks, city health officer, and Dr. J. J. Garvey, deputy health officer.

The health authorities propose to continue their activities and further arrests are anticipated.

A crowd of several hundred men gathered around police headquarters in hope of hearing the trial, but they were doomed to disappointment when it was announced that the trial of the parties would be held behind closed doors.

As a result of the activity of the health authorities the physicians in charge of the clinic are now busy.

STRIKE HIT HAVRE

Causes Great Congestion in French Port—Passengers Wait

Havre, Oct. 28.—The tie-up of the French line steamers in New York because of the dockmen's strike there has resulted in great congestion in this port. All the hotels are filled with travelers, a large portion of whom are third class passengers awaiting an opportunity to sail for New York. Persons who had booked passage coming on to Havre from Paris because of the difficulty of obtaining accommodations at reasonable rates in the capital. They are only little better off here, however, for the room rents and hotel rates have kept pace with the congestion.

Local lodging quarters are so crowded that unless the liners are released from New York shortly there will soon be no accommodations left for prospective passengers for the United States.

GRAND OVATION TO BELGIAN RULER

One Hundred Thousand Persons Welcome Party in Washington

STATION IS PACKED

Alexandrians in Crowd—Cheers and Shouts Rend The Air.—King Smiled and Responded to Salutes.

Albert, monarch of Belgium his royal consort, Queen Elizabeth, and their son, Crown Prince Leopold, the Duke of Brabant, came last night to the capital of the nation.

They came to express the gratitude of the crucified kingdom for the aid rendered by two million of Americans.

The city arose to greet the Belgians with a spirit of enthusiasm almost superb in its intensity.

More than 100,000 persons, some from Alexandria, crowded Union Station, the plaza, the Capitol grounds and the reaches of sidewalks, lining the pavements from the station to the home of Breckinridge Long, Third Asssitant Secretary of State, 2829 Sixteenth street.

They cheered and shouted and waved and cheered again, and a few wept as they saw the gallant ruler of the steadfast, liberty-loving people of brave Belgium.

King Albert smiled and nodded and saluted, and in his eyes shone the light which bespeaks the spiritual power of his people.

The special train bearing the royal party was due to arrive in Washington at 9 o'clock, but through unavoidable delays was ten minutes late.

Hours before the time of arrival the mammoth crowd began to congregate about the Union Station and the Capitol, where the pageant, arranged in honor of the royal visitors, was to be given.

The crowd was unusually quiet. Except for the murmur of many voices and the rumble of street cars and the purring of many automobile motors, the night was still.

APPRECIATIVE OF KIND ADVICE GIVEN

Detroit Man Writes Letter to Capt. J. D. Hellwege of Salvation Army

GOD'S HANDIWORK

When Here He Was About to Suicide When Persuaded Not to by Salvationist.

Capt. J. D. Hellwege, of the Salvation Army, this city, has just received a letter of thanks from Cornelius Moerdky, dated Detroit, Michigan, October 25, in which the writer takes occasion to thank the captain for the timely advice given him recently when he was in Alexandria and about to end his earthly troubles, but who was persuaded to return to Baltimore and give himself up to the authorities of the Monumental city which he did.

The writer among other things in his letter says, "Do you remember the fellow who spoke to you while on the main street of Alexandria October 5, 1919, and then asked you to spare him a minute? Well, this fellow and I are the same party."

The writer then tells of going to Baltimore and giving himself up and how wife No. 2, came down to the police station and fainted when she saw him behind prison bars. He says he was indicted by a grand jury and held for trial. Then wife No. 1 came down from Detriot and on October 23 he was tried and ordered to return to wife No. 1, in Detroit and given one year on parole says the writer.

Moerdky says he has returned to his home in Detroit and again thanks Capt. Hellwege for giving him the advice which put him on the right track. Never before he says had he realized God's guiding hand. He used to think it was fate he says, but now realizes it was God's handiwork, and he adds that he shall never lose an opportunity to let the people know what He means to us all.

At the business session of the love feast the denomination took the initiative among other churches of the denomination looking to a wider spread of the Gospel throughout the South. Foot-washing and the holy kiss were features of the occasion that drew the immense crowds.

REVIVAL MEETING

Rev. H. I. Stewart Opens Service at First Baptist Church

The meeting at the First Baptist Church last night surpassed the expectations of the most sanguine. The main auditorium was practically filled—a most remarkable fact for Monday night. Rev. H. I. Stewart, of Washington, preached his first sermon and though wearied from a previous meeting, reached the high expectations entertained of his ability as a preacher. His fund of illustration seems well nigh inexhaustible and quotations from the realm of sacred literature and otherwise is remarkable.

He took as his topic, "Joseph of Arimathea," and traced the life of that man from his trembling acceptance of Christ to the place of bold and open service in the Kingdom. Mr. Stewart is gifted with a most exceptionable flow of language which has the effect almost of a torrent. His humor is natural and pervasive, and the smile was frequent. This, in turn, was used in driving home some point.

Frequently the speaker was so tender in his apt illustrations that the tear was seen in the eye of many. It was all an appeal for open discipleship and the crowd was perceptibly moved. Four or five, by the uplifted hand, showed a deep concern. Tonight at 7:45 o'clock he speaks: "A Bible Picture of a Slacker."

TERROR IN BLACK MYSTERY

Kane Citizens Attacked by Being Called Lunatic or Demon

Kane, Pa., Oct. 28.—With the reappearance for 3 successive nights of "Kane's black mystery," the authorities express conviction that a dangerous lunatic is at large, and efforts are being redoubled to catch this person who is frightening and attacking pedestrians at night.

In an attack Sunday night on Daniel Manross, a strong man of 36 years, the mystery, still dressed as a woman, used new tactics. Instead of jumping from behind a tree, as formerly, the mystery dropped from a branch overhead and overpowered the victim before the latter had a chance to draw a revolver. Manross is in a critical condition in his home from injuries inflicted he being kicked and battered.

Manross declares he is satisfied that it was a man who attacked him, because a woman could not handle him with such ease as did the "black mystery." Manross is believed to be seriously injured internally.

RITES FOR HALLOWEEN

Nothing could be better for the average Hallowe'en party which is to consist of games, divinations and jolly romps, than an amuseing little jingle leading up to the surprise in store for those who accept. Written on tiny pumpkins or witch or grimalkin shapes or simply on note paper, a bit of catchy doggered suggests in advance the mythical character of the event to which we all look forward with such eagerness this month.

A simple rhyme which can be used when the hostess finds it difficult to to originate one, is the following:

On Hallowe'en, when witches ride,
Come and have your fortunes tried;
We'll lift the veil and tell you true
Just what the future holds for you.
Please lift the latch of Waltham's gate
Not later than the hour of eight,
But ere that day, send us a line.
To say you'll join in our good time.

All Citizens Will be Asked to Enroll In Great Organization of Mercy—Dues $1 a year.

Plans are rapidly nearing completion for the annual Christmas Roll Call of the Red Cross which will be held November 2 to 11 inclusive. The house to house canvass will be held November 6, 7 and 8.

All who will participate in the canvass may secure the necessary papers, etc., by applying at the rooms of the Chamber of Commerce beginning November 5.

The local committee has just distributed handsome lithographs which are displayed in the store windows throughout the city. The purpose of these lithographs are to call attention to the annual Christmas appeal of this great organization of mercy.

Annual dues are only $1. Mrs. George R. Hill is chairman of the publicity committee.

Fourteen Reasons Why I Will Join The Red Cross

1st. Because it is "The Greatest Mother in the World," and the mother instinct is strong in every woman.

2nd. Because it is organized, material sympathy.

3rd Because it is the heart of the American people.

4th. Because it served our fathers, husbands, brothers, sons and sweethearts when they needed service most. It did what we would have done if we could have been there, it was our proxy.

5th. Because it meant home, care and comfort when these things were out of reach.

6th. Because it has made a point of aiding the little ones.

7th. Because it has been the center of family life to thousands of families whose main support was taken away.

8th. Because it has taught us that the greatest pleasure in life comes from helping someone less fortunate.

9th. Because it fills a gap in our national life which nothing else can fill.

10th. Because it has opened wide the heart—and the purse—of a people nationally selfish.

11th. Because it is always "there" when a call for help comes.

12th. Because, to be entirely personal, it is ready to go on teaching us how to be better and more useful in our own homes—home nursing, dietetics, first aid.

13th. Because it has become a symbol for good.

14th. Because it is ceaseless, untiring, unstinted, undenominational, unprejudiced, far-seeing, and international in its efforts Of what other agency is this true? No worthy cause is ever too much trouble, too far away, too costly, for it to undertake; it can always be depended upon and it has grown to be a natural part of living and a part which cannot be easily up-rooted.

By and American Girl.

OLD KING STREET LANDMARK SOLD

Property Occupied by the A. & P. Company Changes Hands

CAPITAL COMES HERE

Outlook For Alexandria Said to be the Brightest in the History of the City.

Messrs. Graham and Ogden, real estate agents, have sold to Max Sperling, of Alexandria, Joseph Sperling, of Washington, and Mrs. Dora Bosak, of New York, the building now occupied by the Atlantic and Pacific Tea Company on the north side of King street, near St. Asaph. The purpose of the present owners has not been divulged.

This property is one of the most valuable in the city, situated as it is in the heart of the business section. It is one of Alexandria's oldest landmarks, and up to 1861 agencies of insurance companies were located in the building. After the occupation of the city by the federal army it was used as the headquarters of the military governor, as well as for the provost marshal. The late H. H. Wells, who half a century ago played a prominent part in state politics, had his office in the building.

The orginial structure was located back from the street, and trees stood in front. Years ago the German Bank was operated in the place. After the bank closed business the late David Appich acquired the property, and the present front was added. The late D. H. Appich conducted a bakery and confectionary in the place for many years, and upon retiring from business the store portion of the building was leased by the company now occupying it.

In this connection it may be stated that people of other cities have their eyes turned toward Alexandria, and some have purchased property here Several strangers while inspecting Alexandria recently said that the prospects of our city are at present brighter than any city of its size in the country.

It is stated that several capitalists from another city recently started on a tour of inspection in the south where they intended to make investments. Their objective was Norfolk, but having stopped in this city they said they were far enough in Dixie, as Alexandria afforded every inducement that could be offered for the investment of money.

The large plants recently located here made it plain to the visitors that Alexandria is on the way to great commercial prosperity.

WEEPING MAGDALENNES

Scenes at the special session of the Police Court last night were of a nature calculated to set those thinking whose duty it was to be present. While a number of negroes, male and female, were arraigned on charges of lascivious conduct, or of being menaces to the health of the community, and who were no means disconcerted, several white women, including some still in their teens, with downcast eyes "foamed out their own shame" Some may be ruined for life by reason of their present condition, superinduced by waywardness. Although they were reaping what they had sown, they excited the sympathy of those whose duty it is to arrest such in their downward course. Two of the colored delinquents carried infants in their arms

One of the delinquents, fourteen years old, acknowledged to the court that she had taken the wrong step in life and was still on the broad road to destruction. Others, whose sensibilities, have long been blunted, passed through the ordeal with but little concern.

Some of the details in connection with the investigation were not of a nature to be printed or alluded to, and the authorities, preferring to save those who inadvertently have made false steps in life, took proper measures looking to the rescue of the unfortunates. Some sobbed piteously when it was announced that heroic measures were necessary in their cases, and one, after having passed through the ordeal of facing her accusers, swooned and the services of a physician were necessary to bring her back to her normal condition.

The services of the Salvation Army were tendered the court in the work of reclaiming the wayward, and several white girls, still minors under the law, will be placed under the care and espionage of this organization.

A large gathering, including numbers of boys, had gathered in front of the station house to witness the proceedings in the Police Court. It was deemed proper to exclude all from the room save those directly interested, which is in accordance with the spirit of the present laws. Most of the would-be spectators had been attarcted by curiosity. and the words spoken long ago—"Let him who is without sin cast the first stone" were in order.

REVOLUTION IN PRINTING

Demonstrating a new system of news presentation in a daily newspaper. The Baltimore Star gives late news happenings by means of printing entirely from photo engravings made directly from original typewritten copy, thus eliminating at once the complicated and expensive process used in linotyping, proof-reading, correction, hand and machine head-setting and type-assembling. The regular size of typewriting is produced, the capitalization being used for headlines. The column length can be made as a single photo-engraving, or in separate parts, and type can be reduced or raised to any desired size from ordinary typewriting, large display headlines being made from the regular size typewriting.

Credit for the experiment belongs to the Literary Digest, the current issue, being so printed because of a printers' strike. The Star yesterday with the aid of two typewriting machines furnished by the Remington Typewriter Co., from a line of commercial machines, and two expert women typists, shows how this class of production appears in a daily newspaper.

IS IT A WEATHER-BREEDER?

The extremely mild weather of the past few days has caused many to believe that frigid conditions will soon follow the "May" days we are experiencing.

Those who recall past history and can go back sixty-six years from October 24 have been reminded of the big snow which fell in certain places in Virginia on that date. It came following a warm spell and while the trees were still holding their leaves, because there had been no frosts, and was very wet. As a result, the cracking of breaking timbers is said to have resembled the firing of artillery.

Never was so great damage done to the forest in Southwest Virginia than by this snow. There were evidences of the damage to the woodlands for a quarter of a century.

Present warm conditions renders it unnecessary to disturb our coal mines, and there are hopes, well-founded, that the threatened strike of miners will not materialize. But in the face of this optimism snow, sooner or later, will be flying.

ANTI-STRIKE LAW

If Congress has a spark of the independence or a tithe of the moral backbone and sense of responsibility displayed by the President in his statement calling upon the traitorous mine workers to annual their strike order and remain on the job, it will at once pass an antistrike bill that will make strikes in industries that bear upon the basic right of livelihood for the people a crime against the nation. What right have the railroad workers to strike? What right have the stevedores to strike? They say it is an ancient right and belongs to them as such. In this they say what is false. It is no right at all, it is an assertion. There is no right of protest that sanctions lawless and devastating interference with the rights of livelihood. The consumer has the only basic right of the three groups—the right to live and to eat. The people's right of living is attacked in order that the wage hogs may get their snouts further down into the trough. The hogs need to be treated as such. They become simply swill gobblers, with no idea above their wallowing in the muck of their own infamous demands. Any demands that destroy the basic rights of multitudes of persons made to suffer innocently are infamous.

President Wilson has said that the miners in striking will be acting unlawfully, and that the power of the nation will be brought to bear to insure continuances of the activities they have decided to lay aside November 1.

Potential labor outlaws say that if a strike law shall be enacted there will be revolution. Yes, there will be revolution, and the Sheas and the Lewises and the coterie of outlaws and traitors to the country and the rights of the masses of the people will be the first to know the fact. There will be a revolution against the autocracy of the labor unions and brotherhoods.

The strike has grown up to its formidable proportions because politicians have been bootlicking labor for its votes.—(Baltimore Aemrican.

TO RENOMINATE BERGER

Milwaukee, Wis, Oct. 28.—Socialists of Milwaukee today planned to renominate Victor Berger as candidate for Congress if he is unseated for his conviction under the Espionage act.

If Berger is ousted as recommended by the House Elections Committee, a special election will be called to fill his place. Socialists started their campaign to renominate and re-elect Berger immediately after the Elections Committee report was made public.

Arthur Barry, Republican county chairman, yesterday declared that if Berger is renominated a protest will be filed with the Secretary of State against placing his name on the ballot.

WILL APPEAL TO MINERS

Dire Consequences, it is Alleged, Would Follow Strike

Between now and the meeting of the international executive board of the United Mine Workers of America in Indianapolis Wednesday, administration leaders will use all of their powers of persuasion to induce the mine workers to rescind the order for all coal miners to strike November 1.

Appeals to the miners will be based on their own interests as well as the public welfare. It will be made perfectly clear to them that they have put themselves in a wholly hostile position and if they insist upon pressing it will bring upon themselves dire consequneces.

Both at the White House and at the Department of Labor yesterday it was made clear that the attitude of the administration towards the mine workers was conciliatory and will remain so as long as there was any chance left of persuading them from taking the false step upon which their leaders appear to be resolved.

AVOID THE "FLU"
BUILD UP NOW
You can almost surely escape the "Flu" and Grippy Colds this Fall by Taking Chasco- Vin a Most Palatable Body-Building Tonic.

Don't put it off its, much easier to keep the "Flu" away than it is to cure it.

No one would have the awful experience of a year ago repeated once all should take every precaution, especially those who are weak nervous and run-down. They absolutely need Chasco-Vin.

During the last epidemic thousands were safeguarded by taking Chasco-Vin, a body-building tonic that does build.

It is the toning up of the system that counts in keeping the "Flu" away.

In conjunction with Chasco-Vin we advise using a good anti-septic solution for the throat and nose and also that the bowels be kept open.

Chasco-Vin is sold by Edgar Warfield, jr., King and Pitt Streets.

Any Corn Peels Off With "Gets-It."

right off just like a banana peel. You can try to dig or drag out your corns with a knife, or slice them with a "bloody" razor, or use bandages and tape and wrap up your toe into a package, but that's the "treat-'em-rough," painful, foolish way. Use 2 or 3 drops of "Gets-It"—that's the peaceful, sure, common-sense way that never fails. You reach the corn easily with the little glass rod in the cork of every "Gets-It" bottle. It does not hurt the true flesh. Try it, trot and smile! It's a blessing; never fails. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. M'f'd by E. USE PLANE TO OVERCOME STRIKE PROBLEM

Strikes or no strikes the Wildroot Company, Buffalo, had to get a shipment of its product to New York and it did.

Confronted with an almost inextricable transportation problem, the company found a solution—it hired one of the Curtiss Aeroplane Company's machines—and Capt. Leo Chase this morning landed in New York with a shipment of about 600 pounds of the company's product that wouldn't have reached there for days otherwise.

The picture shows Vice President Robert J. Kidney giving Capt. Leo Chase final instructions before departure.

This was the situation that cropped up for the Wildroot Company:

An advertising campaign that it is conducting in New York made it extremely necessary that a quantity of its product be sent there as soon as possible. The railroads were tried and found wanting. Strikes on the express companies and other strikes forbade their use as a messenger.

"We didn't know what to do at first," said Robert J. Kidney, vice president of the company, who is seen in the picture talking to Capt. Chase just before the aeroplane hopped off yesterday.

"Then we thought of sending it by air and the Curtiss company supplied us with an aeroplane and a pilot. They did the trick."

Capt. Chase took the air at the Curtiss field at Buffalo and planned to make the trip by way of Syracuse and Albany, because of the stops provided there. He had to descend at Troy, because of slight engine trouble, but he got started again this morning."

"It was the first aerial freight trip across the state," said W. G. Richardson. "Other short trips have been made in and around the state, but it was the first time that the state was crossed by air with a load of freight."

That the Curtiss company is planning on making aerial freight business a permanent establishment is shown in the fact that the company is building a model machine, which will carry one ton.

Capt. Chase carried his load in the observer's pit, but it was an old war machine and not shaped up for freight and commercial purposes as the new Curtiss machine is planned.

LAST THOUGHTS OF MOTHERS

Messages Scrawled on Airplane—Waterhouse Stabbed While Asleep—Connelly Beaten to Death

San Diego, Cal., Oct. 28.—The last thought of Lieuts. Cecil H. Connolly and Frederick R. Waterhouse, slain by Mexican fishermen after they had wandered in search of help for nineteen days in the wilds of Mexico, were for their mothers.

Copies of their dying messages, scratched on their ill-fated airplane, were brought here by the ship which bore their bodies back to this country.

FOREIGN BORN ARE NOW TAUGHT THRIFT

Course in Americnization is Enlarged So as to Include Special Lession on Saving Habit.

Thrift is now one of the subjects being taught to thousands of foreign-born workers who are attending Americanization classes throughout the United States in factories, shops, churches and night schools.

As a majority of the attendants at these classes speak but little or no English, the study of language constitutes one of the principal subjects taught, a half hour drill being held at each session. The method was devised for the National Y. M. C. A. and is published by that organization. The lessons are short, consisting of about twenty simple sentences on everyday matters, and a class is taught by repeating one sentence at a time after the teacher, who illustrates it with motions and objects

"I look at my watch," says the teacher, who takes out his own watch The class repeats this in chorus, then individually. The next sentence deals with numbers and the telling of time. All sentences are linked together, and each teaches at least one new word with connectives. At the end of the lesson it is shown to the class in printed form on a chart.

At the request of the Treasury Department, a special thrift lesson dealing with War Savings Stamps has been written and is now in the hands of American secretaries of the Y. M. C. A. all over the country. This lesson is an excellent illustration of the method by which thousands of foreign-born workers are now learning English, and it is as follows:

Has—John has some money.
Puts—He puts it in a stocking.
Says—Jim says: "It is not safe."
Answers—John answers: "No? I will see"
Looks—He looks for his money.
Is Stolen—The money is stolen.
Saves—John saves more money.
Asks—He asks: "How can I keep my money?"
Says—Jim says: "See this, John."
Shows—Jim shows him a book of War Savings Stamps.
Says—John says: "Where did you get it?"
Buys—John buys some War Savings Stamps.
Puts—He puts them in a book.
Says—John says: "This is safe and good."
Buys—John buys more stamps.
Says—He says: "America is safe and so is my money."

THE LUCKY THREE

Only three men out of every hundred have a savings account at the age of forty-five, ninety-seven per cent of them losing their entire savings in some reverse.

Are you taking a chance, thirty-three to one, on being one of those ninety-seven? Or are you making sure that you will answer "present" when the roll of three is called? It's just as easy to be in this latter class as in the first—if you think. Ninety-seven men out of every hundred don't think, saving spasmodically, if they save at all, and investing in securities of which they do not know the value.

Government securities are absolutely safe, pay a high rate of interest and are easily obtainable in small denominations. Save regularly and safely, and you will be sure to be among the lucky three.

STOCKHOLDERS GET U. S. THRIFT APPEAL

Corporations Mail War Savings Stamp Notice When Sending Out Dividends.

Not only is thrift becoming a part of the general education of the people of small and moderate means who are being taught and encouraged to cultivate habits of wise saving and sensible spending; efforts are being made to attract to the thrift campaign the stockholders of practically every large corporation in the United States.

Already twenty-six of the largest corporations in the country have agreed to mail with notices of dividend payments to stockholders inserts calling attention to the desirability of investing their stock earnings in War Savings Stamps. These corporations which have an exceedingly wide distribution of stock are among the largest dividend paying corporations in the United States.

Some of them already are mailing thrift inserts to their stockholders, and others have agreed to do so upon the next dividend date. The inserts which stockholders receive along with their dividend notices are as follows:

"Double your resources by investing savings regularly."

"Did you ever stop to consider how easily and rapidly you can accumulate a considerable sum by investing small amounts regularly at compound interest?

"You can begin at once by investing all or part of your savings in War Savings Stamps of the 1919 issue which you can buy in any amount up to $1,000. They bear four per cent interest, compounded quarterly.

"If you should have an unexpected call for ready cash before your stamps mature, January 1, 1924, you can redeem all or any number of them at any time, for the full purchase price, plus interest.

"No other investment offers such an attractive combination of safety, income, redeemability and convenience."

"Beware of small expenses; a small leak will sink a great ship," said Franklin. He knew.

KEEP ON SAVING

200 War Savings Stamps bought this year will be $1,000 in 1924 for that new office equipment, new car, postgraduate course in a specialty, payment toward a home, for the youngsters' education, or against a rainy day.

100 Stamps now will be $500 then, for advancement or protection; and 50 will be $250.

Fix your own mark of your needs or desires and get there via W. S. S. W. S. S. pay more than 4 1-4 per cent and are absolutely safe and convenient investments for the busy man or woman.

Put Your Family on Safety Lane.

"Broken eggs can not be mended." Neither can "cashed-in" War Savings Stamps grow to their maturity value.

War Savings Stamps are better than money, because they earn more money.

There will be no "rainy" day for the man who regularly saves and invests his money in War Savings Stamps.

In Chicago 12,000 Trainmen Vote to Quit Thursday Unless Demands Are Met

Chicago, Oct. 28.—Fourteen lodges of the Brotherhood of Railroad Trainmen, representing 12,000 men in the Chicago switching district, voted at a secret meeting Sunday to strike Thursday unless their wage demands are met in full. A vote on the proposition is in progress in the other lodges of the 100,000 members throughout the country.

PREPARES FOR CLASH

Santiago, Chile, Oct. 28.—The Chilean cruiser, Esmeralda sailed northward Sunday and other units of the Chilean fleet are being prepared for sea duty. It is rumored they will follow the Esmeralda. This step on the part of Chile follows insistent reports of a probable revolution in Peru and information that the Peruvian government is making military preparations in the southern part of that country for the alleged purpose of diverting popular attention from the revolt which is said to be impending.

Officials of the Chilean government who were interviewed Sunday night did not wish to commit themselves as to the sailing of the Esmeralda further than to say that the measure was one made against possible events. Information received from an authoritative source, however, is to the effect that the government, while it does not expect a conflict, sent the Esmeralda northward in advance of the Chilean fleet to show that this country was prepared to maintain order on the northern frontier and would not permit revolutionary movements in any way to touch Chilean territory or to involve Chilean citizens or authorities.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs.

This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

The Loyal Order of Moose is not an insurance organization. It is a fraternity with excellent social and beneficial features.

Its cardinal virtures are to aid the sick, bury the dead and inject sunshine into the dark places.

The Loyal Order of Moose does not tolerate interference with ones religious or political views. Political or sectarian discussions are not countenanced in the lodge rooms. But patriotism, obedience to law, equal rights and respect for opinions of others insisted upon.

As one enters so he departs—A free man.

MANY HURT IN RIOT

Police Quell Clash Caused by Strike —400 Men at Work

New York, Oct. 28.—Indicating a desire on the part of some of the striking longshoremen to return to work, army officers here said yesterday that more than 400 men were at work today on a number of the 200 Shipping Board steamers tied up on account of the strike.

The Chelsea pier district, the docking place of a majority of the large liners, was virtually idle, however, and clerks employed by the White Star line were again used to handle baggage of passengers on the steamer Cedric which arrived yesterday. At the Bush terminals, Brooklyn, the attempt to return to work on the part of several hundred men met resistance by strikers and a riot resulted which was productive of a number of serious injuries before it was quelled by the police.

Between 50 and 100 revolver shots were fired, and sticks, stones, bricks and clubs were used by the combatants. Police reserves were summoned and ten arrests were made.

The disturbance occurred at Forty-third street and Second avenue, and raged along both streets for two blocks before it was quelled by the police. One policeman was struck on the head with a brick and seriously injured.

The ten men arrested were badly beaten and had their wounds dressed by police surgeons. Two of them were taken to the hospital.

TROOPS IN KNOXVILLE

Knoxville, Oct. 28.—With close to 2,000 state troops on duty here, yesterday street car service, suspended by the strike of motormen and conductros, was partially resumed. The troops were called out late yesterday following reports of several clashes between strikers and nonunion street railway workers. Four men were reported slightly injured in these clashes.

Adjutant General Sweeney issued the call for the troops after consulting with Mayor Neal and Police Chief Hynes.

Petitions are being circulated demanding the recal l of Mayor Neal because of his alleged activities against the striking street car men.

The question of a general sympathetic strike in Knoxville will be considered at a special meeting of all unions in the city.

SPAIN FACING CRISIS

Employers Threaten to Lock Out Million Workers

Madrid, Oct. 28.—More than a million persons throughout Spain will be thrown out of employment Tuesday, November 4, if the decision of the Congress of Spanish Employers at Barcelona, declaring for a lockout, is carried out. In Barcelona alone 200,000 men and women will be affected by the decision.

Governmental authorities are concerned over the situation and are expected to exert every influence to induce the manufacturers to reconsider their action. It is declared that if the general lockout is put into effect every factory in Spain of any importance will be closed. Members of the employers' congress say the decision was taken as a protest against industrial unrest in Spain.

It seems probable that labor elements throughout the country will take some action to meet the situation. Syndicalists of the province of Catalonia have called a conference at Barcelona for Saturday of this week to take action on any decisions of the employers' congress. This call, however, was issued October 21, some days before announcement was made of the decision to call for a lockout in all parts of the country.

TROOPS TO MINE COAL

Thomas Bill in Senate Authorizes Use for Strikes

Authorization for the President to use troops in operating the nation's coal mines or railroads in event of a strike would be given under a bill introduced yesterday by Senator Thomas. The measure was referred to the military affairs committee without debate.

Under the bill's provision Federal troops could be used "to perform work or labor essential to the continued operation of the facilities or instrumentalities of interstate or foreign commerce which has been abandoned or substantially obstructed, prevented or interferred with as the result of a strike, lockout or other labor disturbance."

In addition to their regular pay, soldiers used for such work would receive the wage prevailing in the district for the labor performed.

NEGRO SHOOTS WHITE BOY

Confesses Firing Revolver After Quarrel Over Kite

Danville, Va., Oct. 28.—Claude Parker, 10 year old son of Mrs. J. T. Allen, has but a slender chance to live as a result of being shot through the stomach by Vernell Carrington, a 14 year old negro, following a quarrel resulting from their kites becoming entangled. Nine holes in the boy were sewn up by Dr. E. Howe Miller, who has told the mother that only Providence and an unusually sound constitution can save him.

The shooting mystified the police and it was not until a boy friend of Carrington had broken down under a gruelling examination by the police that the boy who did the shooting was found. He has been identified by the Parker boy and has confessed.

General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house; and except also in the case of cities having more than fifty thousand inhabitants, as hereinafter provided. But each of the cities and towns of the State having at the time of the adoption of this amendment a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended so as to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

Notwithstanding, however, anything in this article contained the general assembly may, by general law or by special act (passed as prescribed in article four of this Constitution), depart in any respect (except as otherwise in this section expressly provided) from the form of organization and government prescribed by this article for cities and towns, and may provide, from time to time, for the various cities and towns of the Commonwealth such form or forms of municipal government as the general assembly may deem best; but no form or forms of government authorized by the second paragraph of this section shall become operative except as to such cities or towns as may thereafter adopt the same by a majority vote of its qualified electors at an election to be held as may be prescribed therefor by law. All the limitations on the powers of the councils of cities and towns imposed by this article shall apply in like manner to the principal legislative authority under any form of government which may be authorized hereunder. The term "council" as used in sections one hundred and twenty-five and one hundred and twenty-seven of this Constitution shall be construed to include the body which, under any form of municipal government, shall be vested with the principal legislative authority of such municipality.

The general assembly, for the purpose of this article, may classify cities according to their population, but the maximum population prescribed for any class shall exceed the minimum population for the same class by at least ten thousand. The general assembly, at the request, made in manner which may be prescribed by law, of any city having a population of over fifty thousand inhabitants, may grant a special form of government for such city. All laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurer and city sergeants.

And insert in lieu thereof the following:

Sec. 117. (a) General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house. But each of the cities and towns of the State having at the time of the adoption of this Constitution a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

(b) The general assembly may, by general law or by special act, (passed in the manner provided in article four of this Constitution) provide for the organization and government of cities and towns, without regard to any, unaffected by any of the provisions of this article, except those of section one hundred and eighty-four, one hundred and twenty-six, (except so far as the provisions of section one hundred and twenty-five concern the veto of the mayor and the power of veto) one hundred and twenty-seven, one hundred and twenty-six, one hundred and twenty-seven and one hundred and twenty-eight of this article, and those mentioned in sub-section (a) of this section. The term "council" as used in any of said sections shall include the body exercising the legislative power for the city or town, and all ordinances, charters and other laws passed by such body shall have the same force and effect for all purposes as if enacted or adopted in accordance with the provisions of section one hundred and twenty-three of this article. But such organization and government shall apply only to such cities or towns as may thereafter adopt the same by a majority vote of those qualified voters of any such city or town voting in an election to be held for the purpose, as may be provided by law.

(c) The general assembly, at the request of any city or town made in manner provided by law, may grant to it any special form of organization and government authorized by sub-section (b) of this section, and subject to all of the provisions of that sub-section, except that it shall not be necessary for such city or town to thereafter adopt the same.

(d) Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurers and city sergeants.

(e) Any form of organization and government authorized by any provision of this section which may have been adopted heretofore by any city or town pursuant to any act of the general assembly enacted before such provision became effective, and which is now in operation, is hereby declared legal and valid ab initio, and shall have the same force and effect as if it had been authorized by this Constitution at the time of its adoption.

The boards of supervisors of the several counties, and the councils of the several cities, and towns if the same be separate school districts, shall provide for the levy and collection of such local school taxes.

And insert in lieu thereof the following:

British War Office Admits Recapture of Krasnoye-Selo and Pavlovsk

London, Oct. 28.—The British War Office in its communique issued yesterday evening, setting forth the military situation in Russia up to 6 P. M. Sunday, admits that the Bolsheviki defending Petrograd have recaptured Krasnoye-Selo and Pavlovsk.

Viborg, Finland, Oct. 28.—Reports were received here yesterday that a naval battle occurred off Kronstadt Sunday. The reports, which were unconfirmed gave no details.

Helsingfors, Oct. 28.—General Yudenitch, commander of the North Russian Army, acknowledged today that the difficulties of his campaign for Petrograd were increasing, owing to the bringing by the Bolsheviki of strong reinforcements into their threatened positions and their efforts to retake Esarsko-Selo. Gen. Yudenitch's troops, however, succeeded in capturing Gurila, four miles north of Kranoe Selo, he reports.

The situation is not clear as to the other parts of the line, where the General asserts the Bolsheviki are fighting like "mad men."

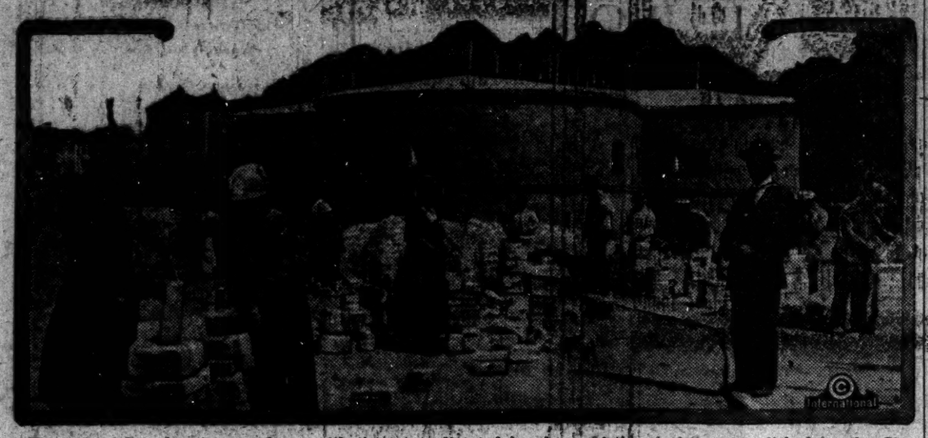
CUBA HAS THE SUGAR

Enough to Meet American Demands Till Next Crop

Washington, Oct. 28.—Nearly 400,000 tons of sugar, enough to meet American demands until the next crop is produced, is held in Cuban warehouses, said a cablegram yesterday from President Alejo Carecено, of the Cuban Sugar Manufacturers' and Planters' Association to Chairman McNary of the Senate Sugar investigating Committee.

Cuba is willing on reasonable returns to protect future contingencies," said the cablegram, "but the blame is not with Cuba, which should not be penalized because the American market is unbalanced."

GERMANY'S TREASURE HOUSE BEING DEMOLISHED



The fort of Spandau, in accordance with the terms dictated by the armistice, is being demolished by the Germans. Women are doing most of the work, the stones when loosened being piled up with care for later use in the erection of dwellings. Spandau is the famous treasure house of Germany. In this great fort were kept tons of gold collected for just such a war as has been lately declared ended.

"TYPELESS" MAGAZINE

Trade Magazine Follows Lead of Literary Digest

New York, Oct. 27.—For the second time in the history of the modern publishing industry, a magazine was issued yesterday without the aid of compositors. The first experiment was made a week ago by the Literary Digest, one of the scores of periodicals forced to suspend by the printers strike, in Nugent's Weekly, a national magazine devoted to the manufacture of women's garments. It was announced today that the publication would be maintained by the same process every week until the strike was ended.

Nugent's claimed to have made several advances over its contemporary in methods. The same process of type writing and then photographing the pages was used, but by the use of a special typewriter the lines were "justified," or equalized in length. A special process also was used in the electro-engraving, said to be a method recently patented.

JOHNSON PLAN BEATEN

The Senate yesterday voted down the Johnson amendment to the peace treaty which sought to establish the principle that in the league of nations assembly the United States should have the same number of votes as the British Empire.

The vote was 38 to 40; two Democrats—Shields, of Tennessee, and Gore, of Oklahoma—voting with 36 Republicans for it, while 9 Republicans and 13 Democrats voted against it.

The result was not a surprise to Senator Johnson, author of the amendment, except that so large a number of Republican Senators should have voted against it.

Senate Gets Bill Providing Prison and Deportation

Washington, Oct. 28.—Persons exhibiting the red flag or advocating overthrow of the Government would be subjected to Federal prosecution under a bill ordered favorably reported yesterday by the Senate Judiciary Committee.

The measure, which embodies proposals originally introduced by Senators Sterling, North Dakota; Walsh, Montana, and others provides maximum penalties of $5,000 fine and five years' imprisonment, or both. Should aliens be convicted of violations, their deportation would follow at the conclusion of the prison sentences.

The bill sets forth that "it shall be unlawful for any person to advocate or advise the overthrow or to write or knowingly to print, publish, utter, sell or distribute any document, book, circular, paper, journal or other written or printed matter in or by which there is advised the overthrow by force or violence or physical injury to person or property of the Government of the United States or to advocate resistance to authority by force or violence and as present provides the execution of such flag or emblem intended to symbolize a purpose to overthrow by force or violence the Government of the United States or all government also would be a violation of the law. It is provided further that all seditious documents shall be barred from the mails.

National Legislation of the Meat Packing Industry

1. Will **not** increase the amount of meat you can buy for a dollar.
2. Will **not** raise more animals.
3. Will **not** produce more meat.
4. Will **not** stop fluctuations in live-stock receipts or prices.
5. Will **not** increase the output of the packing houses.
6. Will **not** prevent strikes.
7. Will **not** reduce transportation charges.
8. Will **not** reduce the retailer's cost of doing business.
9. Will **not** increase the demand for the cheaper cuts of meat.
10. Will **not** lessen the consumers' demand for expensive delivery and credit service.
11. Can **not** at the same time raise prices paid farmers for live stock, and lower prices paid by consumers for meat.

But the slowing up of efficiency due to cumbersome governmental routine will have the effect of increasing the manufacturing charges between the cost of live stock and the cost of meats, thus forcing lower live-stock prices or higher meat prices.

The packing industry as now conducted is characterized by keen competition, highest efficiency, and unusually low profits.

Robbers Blew Safe of Alexandria, Kentucky, Bank

Cincinnati, Oct. 28.—The safety deposit vault in the bank of Alexandria, at Alexandria, Ky., a few miles south of Cincinnati, was blown open by cracksmen early yesterday, and bank officials estimate that $40,000 worth of liberty bonds comprised the loot obtained by the robbers.

The robbers did not attack that part of the vault in which the bank's funds were deposited. They gained entrance to the building by boring a hole in the lock and inserting a small charge of nitroglycerin.

The postoffice at Alexandria, which has a safety deposit box in the bank, lost stamps and money amounting to $1,000. To avert capture, all the telephone wires leading to Newport, Ky., had been cut by the bandits.

OVERRIDES VETO

Prohibition Enforcement Bill Sustained by House—Senate, it is Claimed, Will do Likewise

President Wilson yesterday vetoed the prohibition enforcement bill. His action does not change the existing situation in any untoward degree save in those States, cities and communities where a court ruling has already legalized the sale of 2.75 per cent alcoholic beverages. The sale of these may be continued. Had the prohibition act become a law, however, severe penalties would be imposed on anyone selling liquids containing more than one half of 1 per cent of alcohol.

At 5:15 o'clock with the time of adjournment near the President's veto message was read to the House. Barely two hours later the House in a hold over session voted decisively to override the veto, although a parliamentary tangle threatened to defer action on the measure until Thursday.

The vote in the House was 176 to 55 with two members voting present. Action in the Senate will come later in the week. There is no question but that its vote to override the veto will be as equally decisive, so the President's action will merely have served to stay the enforcement of the bill.

MICHIGAN BANS OLIVES

Action Follows Poisoning of Five Persons

Detroit, Oct. 28.—Seizure of all ripe olives in the stocks of local retail stores was begun yesterday, because of the deaths of five persons who attended a dinner last week at which the fruit was served Chemical analysis showed the olives contained poisonous bacilli.

Nine thousand bottles of the ripe fruit were taken in early seizures and wholesalers were ordered to discontinue sale of both ripe and green olives, while hotels were advised to strike olives from their menus.

Department of Health physicians today decided to ask a ban on the sale of olives throughout Michigan. Samples of other canned and bottled foods are being analyzed.

GOVERNOR SUSPENDS MAYOR.

Columbus, Ohio, Oct. 28.—Governor Cox yesterday suspended Mayor Poorman, of Catnon, following a hearing on the steel strike rioting in that city. Cox threatened Poorman with suspension Saturday when the Ohio National Guard was mobilized to cope with the situation.

REGAINING HEALTH

Grayson Allows President to Transact a Little More Business

President Wilson continued to improve yesterday, and so satisfied was Admiral Grayson, his physician, with the President's condition that he was permitted to transact some executive business in addition to the prohibition enforcement bill, which he vetoed late in the day. The bulletin read as follows:

"The President's progress continues as during the past few days, satisfactorily."

Soon after breakfast the President asked Dr. Grayson that Secretary Tumulty be called and that some pardon cases, which were awaiting executive action, be given him. He acted on the latter at once, and also signed some minor bills that had accumulated at the White House during the past few days.

THEATRES

GRAND THEATRE

If the girl you loved was about to elope with a fellow utterly unworthy of her and you had one hour to act, what would you do about it? Earle Williams, as John Maddox, employs a strenuous but successful method of saving her for himself in "The Usurper," the Earle Williams picture, which will be seen in the Grand Theater tonight. This picture is strong in the mystery element and unusual situations and when produced under the same name on the speaking stage proved one of the late Nat Goodwin's most noteworthy successes.

James Young directed the picture and in the supporting cast are Louise Lovely, Bob Russell, Frank Leigh, Billie Elmer, Jay Morley, Audrey Chapman, Bessie Eyton and Lillian Langdom. Also Eddie Polo in "Down But Not Out"

INGOMAR THEATRE

D. W. Griffith's production of "The Girl Who Stayed at Home," with an all star cast, will be the attraction tonight at the Ingomar Theatre.

RICHMOND THEATRE

Romance and the glamor of beautiful girls contribute an exotic setting to "Lombardi, Ltd," as Tito Lombardi, an eccentric Italian gown designer, Bert Lytell has one of the most picturesque roles of his career. In his Fifth Avenue dressmaking establishment, where society women come for their silken creations, Lombardi dreams his dreams and makes his tender love to a girl who proves false to him.

Aesthetic and generous, his business slowly goes to ruin, almost, because of his faith in men and women. How his sweet and pretty little assistant, Norah, eventually comes to his rescue and awakens him to a realization of her loyalty and love is told in a fascinating comedy drama unfolded by those master craftsmen, Frederic and Fanny Hatton. On the stage, "Lombardi, Ltd" was presented by Oliver Morosco for a season in New York and more than a year on tour.

It is a brilliant fashion show, an absorbing love story and a revelation in beautiful womanhood, whimsicalities and an occasional heart tug.

"Why I Put Up With Rats for Years." Writes N. Windsor, Farmer.

"Years ago I bought some rat poison, which nearly killed our fine watch dog. It so scared us that we suffered a long time with rats until my neighbor told me about RAT-SNAP. That's the sure rat killer and a safe one." Three sizes 25c, 50c, $1.00. Sold and guaranteed by R. E. Knight and Son, Alexandria; Mankin's Store, Falls Church.
